

## 2008 Homeschool Test Service Practice Test and "Understanding Test Results" Order Form

Practice tests are helpful for all grades, but highly recommended for children in grades 1-4 and for those students who have not tested in the past. These tests familiarize students with the SAT test directions, test questions and problems, and the answer coding process. The price of \$8.00 each includes the test, administering instructions, shipping and handling.

"Understanding Test Results" is a very helpful booklet. These booklets explain the different aspects of the SAT test. Since the only difference between each is the sample scoring report, one per family maybe sufficient for your needs. The price of \$5.00 each includes booklet and shipping. There will be a \$25 bank charge for returned checks. Please allow two weeks for delivery.
