Parent/Student Preparation for Testing:

1. **Test Taking Hints:** The S.A.T. does NOT give negative points for missed questions, therefore, encourage students not to leave an answer space blank if they can make a reasonable/educated guess from the choices given. The score your student receives will represent the # correct out of the Total # of questions.
2. **Early to Bed!** To ensure your student does their best, be sure they are in bed early on the nights before the test and the week before, if possible.
3. **Limit TV/Screen Time:** Please limit screen time and calling this "school" for the next two days will help refresh them to do their best.
4. **Nutritious Lunches & Snacks:** Pack students a nutritious lunch, snack, and drink (vegetable sticks, fruit, fruit juices, and high-protein foods instead of candy/soda) They will be able to better concentrate! They may eat during breaks if they get hungry. (PLEASE DO NOT SEND energy drinks, candy, gum, soda, etc with students!)
5. **Encourage them to do their best!** Remind them to not be discouraged if they don't know some answers or if others finish first. This is not a race against opponents, but a measure of THEIR skills.
6. **Electronic Devices/Cell Phones:** Students are NOT to have electronic devices (stereo, gameboy, ipod, cell phones) Please leave them at home.
